

## App Lab Code Exercise

### My First App

```
onEvent("Option1", "click", function(){  
  setScreen("screen2");  
});  
onEvent("Option2", "click", function(){  
  setScreen("screen1");  
});  
onEvent("Option3", "click", function(){  
  setScreen("screen2");  
});  
onEvent("Option4", "click", function(){  
  setScreen("screen2");  
});
```
